

# Just the Girl

words + music by Jes Hunk

V1: I stand at the stove + I look out the window waiting for water to boil.  
 You were much more of a coffee drinker, so proud of your addiction, so loyal.  
 But now you are gone + I don't really miss you, how horrible + cold of me,  
 + I'm not sorry.

Chorus: Cuz you were the one I wanted it to be, but you had your own ideas of me,  
 Now I could never live up to her, cuz she is the dream,  
 + I'm just the girl.

V2: you came up to me + you smiled so sweetly, you said you liked the way that I sing.  
 You won me at once, just as cute as they come, now this could really be something.  
 But you had already decided that I was perfect in every way,  
 so all I could do was disappoint you, + so I did everyday.
